

# Lisa Sorrell *boot maker*

NOVEMBER 2016

NEWSLETTER

*In early November my mother and I made the long, long drive to Oregon for the Pendleton Leather Show. We had fun; my mother is a good traveling companion.*

*When we arrived in Pendleton, the first thing I did was find a beautiful curved needle that was for sale! I managed to get it AND everything I'd brought with me back in the truck, and it came home with me.*

*It's now sitting in my shop next to my Straight Needle, and I've given Paige my old curved needle.*

*The birds at my shop were very happy when I returned and filled the feeder!*
